

Basic Info.

Model NO.	Sterilizer 36W
Lamp Voltage	110-240VAC
UV Light Color	Black
UV Sterilizer Product Certificate	Ce
Germicidal Lamp Certificate	Ce
UV Light Lamp	Ozone Free
UVC Tube Light Warranty	1 Year Warranty
UVC Germicidal Lamp	254nm Wavelength
Transport Package	Well Packaged with Carton Boxes
HS Code	8539490000

UV Lamp Power	36W
Ultraviolet Lamp Housing	Metal
UVC Carton	4 PCS / Carton
UV Light Sterilizer Area	40 Square Meters
UVC Disinfection Lamp	Ozone
UV Light Sanitizer	Portable UV Lamp
Sterilizer Lamp Other Wattages	60W/ 100W/ 150W /300W
UV Lamps	185nm Wavelength
Origin	China
Production Capacity	50000PCS / Year

Product Description

1. UV sanitizer : Metal housing
2. 36 wattage portable UV lamp
3. Modern design lamp UV with double tubes
4. Personal Protection for 20 second start delay of the disinfection lamp
5. Easily Sterilizes,bacteria,and eliminates formaldehyde and odor.
6. Killing rate of mites : 100% - Killing rate bacterial of 99%
7. Safer with remote control sterilization
8. Timing/remote control 15mins /30mins /60 mins disinfectante UV

产品参数

PRODUCT PARAMETER

ITEM: AR-UV-DL-01

MODEL: INTELLIGENT UV
DISINFECTION LAMP

VOLTAGE: 220V/110V

POWER: 36W

IRRADIATION AREA: WITHIN 40 m²

SIZE: 175 * 440MM

LAMP HOLDER MATERIAL:

ALL METAL LAMP HOLDER

LAMP MATERIAL:

QUARTZ ULTRAVIOLET LAMP

UV STARTUP DELAY:

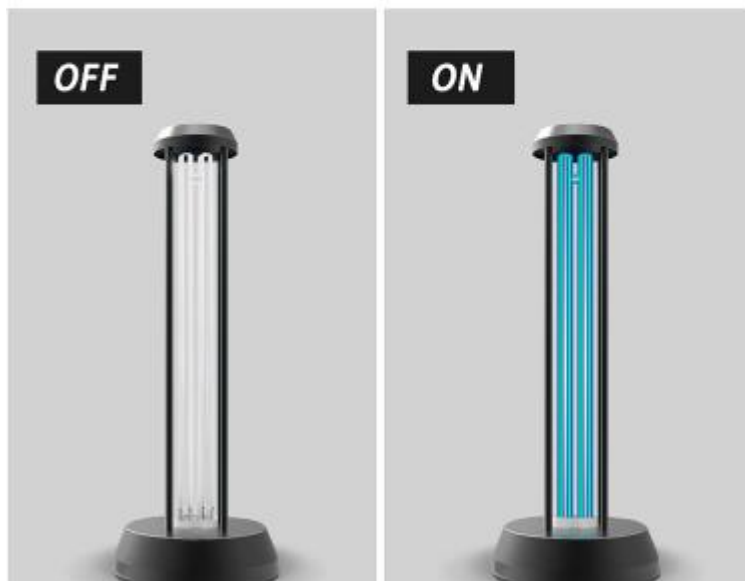

20 SECONDS AFTER STARTUP

The ultraviolet disinfection lamp can purify the air, eliminate moldy odor, disinfect and sterilize, and remove mites. In addition, it can generate a certain amount of ozone ion. Especially suitable for those who have no time to quilt. In public places, UV disinfection can also prevent some bacteria from spreading through the air or passing through objects.

PRODUCT DETAILS

COMPARISON OF SWITCH LIGHTS

Timing/ remote control

Timing panel control ,15 minutes ,30 minutes ,60 minutes timing selection.

Working Instructions:

There will be a sharp noise after the timing mode is turned on, and the disinfection lamp will be automatically light up after 20 seconds (the noise stops and the lamp light up). People and animals must leave the UV radiation range to prevent ultraviolet rays harming.

Light up a lamp to make your home more pure

Unclean air flows into the room repeatedly, causing germs, formaldehyde, mites and other harmful substances to pose a serious threat to our health.

We are professional manufacturer of UV lamps
