Specification																																					
Product Name	Surveillance optimization specialized HDD																																				
Model No.	WDM-HDD																																				
Brand	Seagate Brand																																				
Hard drive type	Surveillance HDD (hard disk drive)																																				
General																																					
Form factor	3.5inch																																				
Interface	SATA 6Gb/s																																				
Performance																																					
Capacity	1TB/2TB/3TB/4TB/6TB/8TB																																				
Max suable transfer rate	210MB/s																																				
Spinning speed	5900 RPM																																				
Cache memory	64MB																																				
Support camera	Up to 64																																				
work	7*24 work mode																																				
Dimensions & Weight																																					
Item siz	14.5 * 10 * 2.4cm / 5.70 * 3.93 * 0.94in (L * W * H)																																				
Item weight	613g / 1.354Lb
