Stator production machine

Nide can supply full package of motor stator automatic production machine or line for different motor types, like BLDC, pump motor, car motor, induction motor, 3 phase motor ect. This stator production line including paper inserting machine, coil winding machine, coil winding inserting machine, lacing machine, forming machine and testing machine.

Application:
Stator suitable for our machines: compressor motor, fan motor, air conditioner motor, three phase motor, single phase motor, washing machine motor, generator motor, pump motor, etc.
Stand-alone machines

Paper inserting machine

Stator coil winding machine

Coil inserting machine

Stator forming machine

Stator lacing machine

Stator testing machine
Beside stator production machine, we also supply other machines, like armature production machine (assembly line, armature winding machine, turning machine, balancing machine, welding machine, trickling machine); motor components(such as commutator, ball bearing, carbon brush, insulation paper, shaft, magnet, fan, motor cover, etc.) and project support and turn-key service for some motor manufacturing.

Company introduction:
Established in 2007, Nide is a company devoted in the field of electric motors manufacturing, providing one-stop service for its customers.

Nide has following affiliated companies
Ningbo Nide Mechanical Equipment Co., Ltd  Jiangsu Nide Automation Tech Co., Ltd
Jiangsu Xiandian Mechanical Co., Ltd  Ningbo Haishu Nide International Co., Ltd

With good service, unique philosophy, professional team and reliable quality, we win the worldwide customers’ confidence gradually. We directly and indirectly supply our products to more than 40 countries such as Germany, U.K, Spain, Italy, Turkey, Brazil, Argentina, Mexico, Iran, India, Vietnam, etc. Among the customers, many of them are the world-renown companies. In the international market, Nide is the leading motor manufacturing machines supplier from China.
