

5XFZ-50S Combined Seed Cleaner

Main features:

1- Advanced technology: The machine integrates wend-sieve, gravity separator and vibration sieve. The frequency of the gravity platform is controlled by a seamless electromagnetic process. The overall performance of this product is one of the best machine in world.

2- High productivity: The machine has a highly efficient and rapid processing method , and is particularly suitable for processing and roasting operations.

3- Wide applications: The machine is ideal for cleaning sunflower & flower seed, sesame,paddy,beans, pigron food,wheat and corn grain and other grain-like materials.

Environmental protection: The machine comes with a cyclone duster system. It can remove dust and other light impurities.

Model	Productivity T/H	Power kw	Weight kg	Size L×W×H	Power suply	Sieve dimension L×W×Layer
5XFZ-50S	50	25.7	About 4300	5800*3150*3550	380V,50 Hz	1500*2000*3

Wish our machine will be suit for your demand. Any questions, please feel free to ask me. Thanks.
Waiting for your reply.

Best Wishes

David
