04 Why Choose JHYPCB

We say what we can do, we do what we say!

01

The Best PCB+PCBA Manufacturer

JingHongYi PCB (HK) Co., Limited is a Professional and Top Speed High-quality PCB Manufacturer in China.

As The Best PCB + PCBA Manufacturer, We Are Your Best Choice.

JingHongYi PCB (HK) Co., Limited

Quick Turn PCB Prototype and Tricky PCB Expert.

10+

JingHongYi PCB (HK) Co., Limited established in 2011, located in Shenzhen, China, with more than **500** experienced employees, we're able to achieve a monthly output of **40000** square meters.

PCB Manufacturing and assembly all in one Place.

The Printed Circuit Board Manufacturing & Assembly Leader

All Under One Roof and as Quick as One Day!

10,000+

Different Part numbers Delivered Annually.

Served Customers in 80+ Countries.

Customer Satisfaction is higher than 99%.

Advanced Production Equipment, Skilled Technical Workers are the Guarantee of Product Quality

Advanced Equipments

We Guarantee to Provide Reliable Products Based on Advanced Manufacturing Testing Equipments, Well-known Raw Materials and Comprehensive Management Systems.

Automation Equipments

We Guarantee to Provide Reliable Products Based on Advanced Manufacturing Testing Equipments, Well-known Raw Materials and Comprehensive Management Systems.

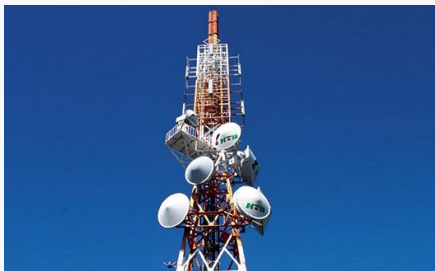

PCBA Equipments

We Guarantee to Provide Reliable Products Based on Advanced Manufacturing Testing Equipments, Well-known Raw Materials and Comprehensive Management Systems.

Applications

JHYPCB's Products are widely used in communication equipment, industrial control, automotive, medical equipment, security electronics, consumer electronics, aerospace and other high-tech fields. Over 80% of its products are sold in more than 40 countries and regions, including the United States, Europe and Asia (excluding China).

Strategies

Quick Turn PCB Prototype and Tricky PCB Expert.

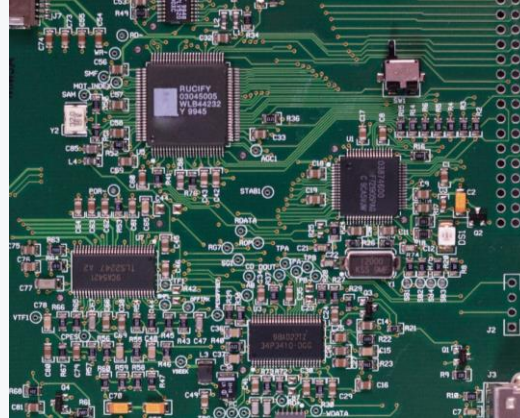

FEATURE

High precision

High technique

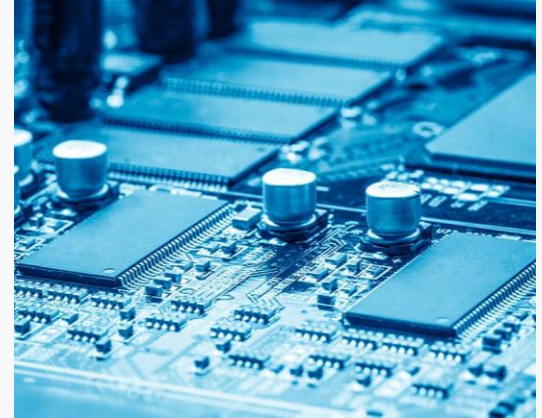

High quality

Satisfying All Kinds of Requirements.

GOAL

To be the biggest quick-turn prototype manufacturer platform, with small-batch, mass production in the world.

FOCUS

Specialized in high-tech and high-multilayer printed circuit board up to 50 layers in the highest quality, quick turn jobs.

Certificate

UL, TS16949, ISO-9001, and RoHS Compliance.

IPI ADDENDUM

NOTICE OF COMPLETION
AND
AUTHORIZATION TO APPLY THE UL MARK

Our Reference: File E469618, Vol. 1 Project Number 478627989
Your Reference: N/A
Project Scope: USB - Addition of new PWB Types JFX-G and JFX-M.

SHENZHEN JINGHONGYI ART CIRCUIT LTD
4/F NO. 15/F Building Wansha, Tongfuyu Industry Shajing Baoan
Shenzhen Guangdong, China 574662

Before you may begin shipping product with the UL Mark at the above manufacturing locations, an Initial Production Inspection (IPI) must be successfully performed by a UL representative at the location.

The IPI is intended to confirm that your manufacturing location is capable of producing a product in accordance with UL requirements. YOU MAY NOT SHIP PRODUCTS WITH THE UL MARK UNTIL THE IPI HAS BEEN COMPLETED AND UL HAS FOUND THE PRODUCTS AT THE FACTORY TO COMPLY WITH OUR REQUIREMENTS. Once the IPI has been successfully completed, you will be granted authorization to ship products bearing the UL Mark.

Instructions for the IPI will be sent to our inspection center nearest to you. The Inspection Center will contact you shortly to make arrangements for the IPI.

CERTIFICATION EUROPE

Certificate of Registration

Certificate No: 10134537IATF

This is to Certify that the Quality Management System of

Shenzhen Jing Hongyi Circuit Co., Ltd.
No. 15 plant, 4 Southwest side, Tong Fu Yu Industrial Area
Wansha Industrial Park, Shajing Street, Baoan District, Shenzhen

Has been audited to the following Quality Management System standard:

IATF 16949:2016

This system is valid for the

**Technology development, production and sales
of circuit board**

Date of issue: Apr. 20, 2018 Date of expiry: Apr. 19, 2021

This certificate will not remain valid only if the certified organization accepts at least one surveillance audit annually within the validity period of the certificate in which the surveillance audit conforming mark is in the designated position on the certificate.

Prototype and Tricky PCB Expert.

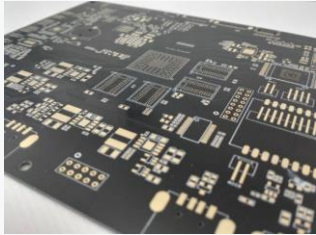

FULL FEATURE PCB MANUFACTURING SERVICES

As one of leading Printed Circuit Board manufacturers based in China, JHYPCB has been offering international companies of all sizes with high-quality PCB Prototype to production services at fair price for 10 years. To make professional and advanced circuit boards, we're committed to adhering to the strictest standards during PCB manufacturing process, we're fully compliant with the ISO 9001:2008 quality management system.

- Save money & time! Achieve peace of mind!
- A professional and trustworthy PCB Prototype manufacturer.
- Fastest PCB Prototype.
- One stop solution for various PCB& SMT Stencil .
- Low cost for simple PCB.
- Affordable price for high-tech PCB.
- Minimum orders 1pcs.
- 24-hour online customer service.
- Professional PCB engineer for one-to-one service.
- Shipment on time.
- Guarantee good service and quality from PCB quotation to delivery.

PCB Assembly Services

One-Stop and Turnkey PCB Assembly Services

TURNKEY AND QUICK TURN PCB ASSEMBLY SERVICES

To deliver true value and convenience to our PCB fabrication clients, we expand our business to components sourcing and turnkey PCB Assembly services ranging from prototype, low-to-middle volume to high volume up to 1 million pcs. We can mount components on circuit boards using surface mount technology (SMT), through-hole technology (THT), and manual insertion:

- High quality assembly services with short lead times
- No minimum order
- No additional charge for stencils
- Free DFM Check
- 100% AOI test and X-Ray test for BGAs package
- Function tests & IC programming based on custom requirements

PCB Fabrication and Assembly Capability

At JHY PCB We Have One of The Best State-of-the-art Production Facility for PCB and PCB Prototype Fabrication in the World Which is Handled by the Best Professionals You Can Find Anywhere.

PCB Fabrication Handled By Professionals

We encourage electronic, computer and other related manufacturers to let our professionals handle all their PCB fabrication and PCB Prototype fabrication needs.

- ✓ At JHY PCB we have one of the best state-of-the-art production facility for PCB and PCB Prototype Fabrication in the world which is handled by the best professionals you can find anywhere.
- ✓ Our professionals bring in a lot of expertise, passion and technology into the design and assembly methods for circuit boards with high accuracy, speed and ease.
- ✓ We encourage electronic, computer and other related manufacturers to let our professionals handle all their PCB fabrication and PCB Prototype fabrication needs.

What Our Clients Get from our PCB Prototype Fabrication

- ✓ Professional technology service
- ✓ Feasibility manufacturing suggestion
- ✓ Expedited Delivery
- ✓ Online Quote
- ✓ Low Prices
- ✓ One-stop purchase Solution

Lead Time

Quick Turn and Fast Delivery

Customers place orders to us

➤ $\leq 0.1 \text{ m}^2$, Quick turn prototype 24 Hours

➤ $\leq 1 \text{ m}^2$, 1-3WD

➤ $\leq 10 \text{ m}^2$, 3-7WD

➤ $10-100 \text{ m}^2$, 7-15WD

PCB Manufacturing Capability

Item	Manufacturing Capability
PCB Layers	1~30 layer
Quality Grade	IPC Class 2 ,IPC Class 3
Laminate	FR-4,S1141,S1000-2,IT180A,Isola-FR408HR,FR406,Isola 370 HR, Rogers, Taconic, Arlon, Halogen Free, etc.
Brand of Laminate	Kingboard, ITEQ, Shengyi, Nanya, Isola, Rogers, etc.
Max Board Size	533.4 * 762 mm
Board Thickness	0.1~8.0mm

PCB Manufacturing Capability

Item	Manufacturing Capability
Board Thickness Tolerance	$\pm 0.1\text{mm}$ / $\pm 10\%$
Copper Thickness	Outer layer: 1/3oz~10oz, Inner layer: 1/2oz~6oz
Min Mechanical Drilling Hole Size	6mil(0.15mm)
Min Laser Drilling Hole Size	3mil(0.075mm)
Min Line Width/Line Space	2/2mil(Outer layer: 1/3oz, Inner layer: 1/2oz)
Surface Finishes	OSP, HASL, HASL Lead-Free (HASL LF), Immersion Silver, Immersion Tin, Plated Gold, Immersion Gold(ENIG), ENEPIG, Golden Finger+HASL, ENIG+OSP, ENIG+Golden Finger, OSP+Golden Finger, etc.

PCB Manufacturing Capability

Item	Manufacturing Capability
Solder Mask Colors	Green, Red, White, Black, Blue, Yellow, Orange, Purple, Gray, Transparent, etc. Matte: Green, Blue, Black, etc.
Silkscreen Colors	Black, White, Yellow, etc.
Electrical Testing	Fixture / Flying Probe
Other Testing	AOI, X-Ray(AU&NI), Two-dimension Measurement, Hole Copper Instrument, Controlled Impedance Test(Coupon test & Third Party Report), Metalloscope, Peeling Strength Tester, Solder ability Test, Logic Contamination Test
Special Capabilities	Thick Copper, Thick Gold(5U"), Gold Finger, Blind and Buried Hole, Countersink Hole, Semi-hole, Peelable Mask, Carbon Ink, Counter sinkhole, Plated board edge, Press-fit hole, Control depth hole, VIA in PAD, Non-conductive resin plug hole, Plating plug hole, Coil PCB, Super Mini PCB, Peelable Mask, Carbon Ink, Controlled Impedance PCB, etc.

04

Why Choose us

As a High-end Circuit Board Manufacturer, JHYPCB Has the Ability to Provide a Variety of Tricky PCBs Manufacturing. Fast Delivery, Quality Assurance is Our Core, One-stop PCB Circuit Board Manufacturing and PCBA Assembly Services, To Save Time and Cost for Customers.

One-stop solution

Quality Assurance

Quick Turn PCB Prototype and Tricky PCB Expert.

Incoming Quality Control

We use international famous brand raw materials, establish incoming inspection specifications according to international standards and customer standards, continuously track and promote supplier quality improvement activities, and establish and maintain a good partnership with suppliers.

In-Process Quality Control

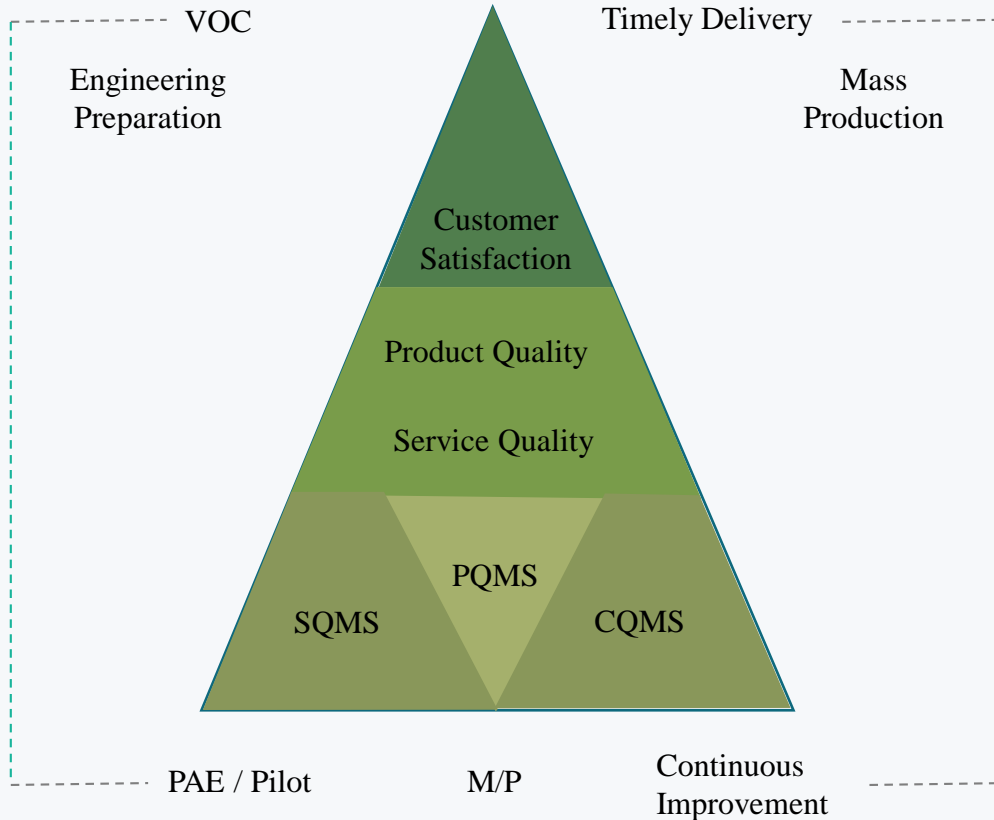

High-quality products are manufactured, not inspected. We have a standardized production process and detailed operation instructions for each method of the production line to ensure the correct implementation of the operating specifications and operation standards.

Final Quality Control

We strictly follow the international standards and customer standards to inspect and control the delivery quality, timely follow up the quality performance of the products after delivery, and take quick and effective improvement actions for the feedback of customer's abnormal condition.

Quality Management

VOC: Preliminary consultation

PQMS: In-Process Quality Control System

One-step Service From PCB Manufacturing to PCB Assembly

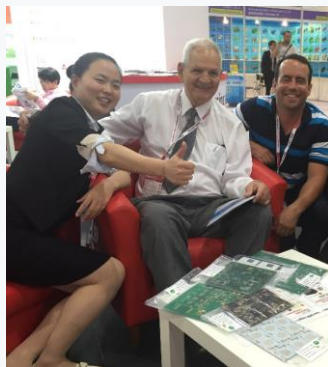

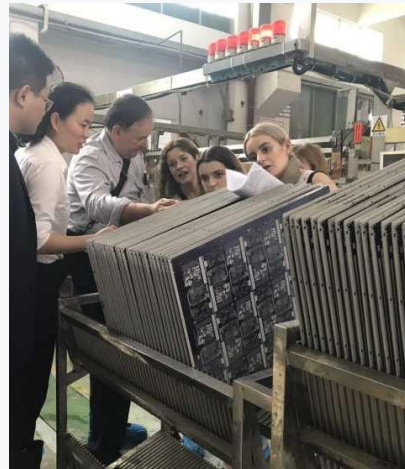

Package and Shipping

JHY PCB Offers Flexible Shipping Methods For Our Customers, You May Choose From One of The Methods Below.

- Use one professional PCB vacuum bag, with a desiccant inside. Vacuum compressed totally.
- Paste label and RoHs mark. Use second vacuum bag to protect boards again, vacuum compressed, make sure no exception.
- Microsection report and Tin testing board are put together with PCB in cartons. COC (Certificate of Conformity) will be sent to the customer by email in PDF.
- Several layers of thick EPE(Expand aple poly ephylene) are filled fully in gaps between PCBs and cartons. The thickness of 1 layer EPE is 10mm.
- Neutral Packing is adopted if no special requirements — strong and thick cartons(Thickness:10mm, seven layers). Different sizes of boxes are designed to meet the demand of different PCB size. All package is within the weight limit of cartons. For mass production order, no exceed 21kg per carton normally.
- All cartons sealed with strong adhesive tape should be sealed twice to make them more durable.
- Solid PP/PET strapping is used outside of cartons.
- Shipping mark, fragile mark and postcode label are all pasted clearly.

8 Advantages

➤1. Diversified Production Capability

5G Mobile Communication. Taconic/Rogers/Arlon PCB. Heat sink PCB/AL PCB. Antenna PCB. PA PCB/Hybrid PCB. High Precision Multilayer / Impedance PCB. Half hole PCB/film cover PCB. Other special PCB. Normal FR-4 PCB.

➤2. High Cost Performance Ratio

Own PCB manufacturing and PCB assembly factory, We can provide the most cost-effective products.

➤3. Stable and Fast Delivery Performance

1L: 12 hours

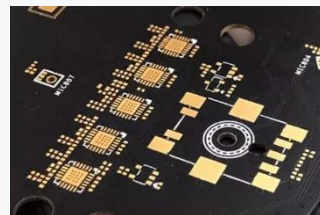

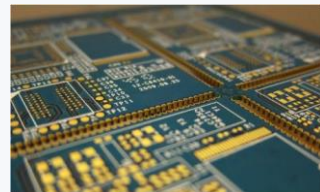

2L: 12 hours

4L: 12 hours

6L: 12 hours

➤4. Personalized Service

Technical support engineers provide one-to-one service from product proofing to mass production to after-sales, realizing order online tracking and after-sales service.

8 Advantages

➤5. Rapid Order Response

Quotation System: Quote within 24 Hours

Service System: Respond within 30 Minutes

EQ System: Nearly 30 technical support teams responded quickly within 24 hours

Language services: Chinese, English, Korean, Japanese and Vietnamese

➤6. Stable Quality

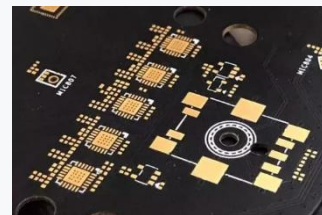

Excellent QA, production management system and technology team to assure quality.

➤ 7. Advanced Technology and Equipment

JHYPCB has a strong technical team and advanced PCB manufacturing equipment, which can provide excellent technical support and after-sales service in an all-round to provide customers with efficient manufacturing and reliable products.

➤8. Advanced Management System SQM

SQM regularly audits qualified raw material suppliers to promote continuous improvement and ensure quality. CRM regularly collects customer needs and problems to better provide customers with quality solutions. ERP can track the order status at any time through the production base ERP system.

JHY PCB Customer Testimonials

JHY PCB have won the trust of customers from all over the world through years of hard work. The trust of our customers is our foundation and the goal of our efforts. Let's see what our customers think of us.

“We received the PCBs. Thank you very much for this nice work! The quality is excellent!

I will come with a new order next week for another project.”

B.D. 3D Printer

“Pricing looks fine. I'll send a wire tomorrow to get these started. Let me know if you have any further questions.

Thanks!”

J.B ODI INC

“Thank you for excellent service.

Just curious how you are organized considering you almost always answer our mails instantly and the time difference is significant. Are you operating from an European office?”

M. C SSTECHNOLOGY INC

“You have done great work for us. I recommend JHYPCB as a 5 star vendor.”

J.S SAFENIK GmbH

“Your pricing overall looks very good. So I would prefer to go to JingHongYi”

S.R. P Electronic GmbH

JingHongYi PCB (HK)CO., Limited

As a high-end circuit board manufacturer, JHYPCB has the ability to provide a variety of tricky PCBs manufacturing.

- Specialized in high density, high difficult technology
- 99%+ customer satisfaction rate
- Diversify PCBs manufacturing
- Competitive price & NO min order quantity required
- No additional tooling charge for PCB reorders
- Quality guaranteed services
- Quick-turn around delivery time, 24 hours delivery available
- Free DFM check by professional engineers
- Knowledgeable support team available via phone and email
- Function test based on customer's specific requirements
