- Suitable for industrial shirt folding and electric heated collar creasing
- The collar mould could adjust automatically according to shirt size to produce a better 3D effect
- Stainless steel folding plate enables folded shirts of the same size
- The table slot provides room for buttons such that the shirt is always symmetric against the center line of the slot; increased efficiency with the aid of scale for shirt positioning
- Ergonomic design: Table height and slope are adjustable.
- Electric box and material stand can be flexibly mounted according to worker's operation habit or installation requirements

**Options:**

A632 Adjustable folding plate

Pear Collar – L/M/S
