

XY-H050600601T

Appearance

Dimensions/mm

RF Specifications

Item	Description	Remark
Chip	NTAG213 (Customized)	
Protocol	ISO/IEC 14443A	
Memory	TID	7 Byte
	USER	144 Byte
Frequency	13.56MHZ	
IC Life	Write endurance of 100,000 cycles Data retention of 10 years	

Physical Specifications

Item	Description	Remark
Product Dimensions	6*60mm (Customized)	
Thickness	0.11mm	
Material	FPC	
Application temperature	-40 ~ 120°C	
Operating temperature	-40 ~ 70°C	
Customization	Logo printing or laser printing or encoding ...	
Package	200pcs/bag or customized	

Application scenarios

Managing the daily access of chickens on the wings of poultry farms, Electronic products, Asset management, etc
