

## GL-G8031U-DRP

### Product description:

The GPON ONT optical network unit GL-G8031U-DR is a single-family unit (SFU) that integrates strong interoperability, key customer specific needs and low cost to provide triple-play services to users of FTTB applications.

GL-G8031U-DR is equipped with 2.5G rate downstream interface and 1.25G rate upstream interface in accordance with ITU-T G.984 standard, which can provide a comprehensive triple play service, including voice, video (IPTV or VoD) and high-speed Internet Access service.

The GL-G8031U-DR optical network unit provides a management channel that conforms to the standard OMCI definition, can achieve remote management, and supports a full range of FCAPS monitoring and maintenance functions. Can provide 4-way POE power supply function, support IEEE802.3af, IEEE802.3at standards.

**Product specification:**

Item	GL-G8031U-DRP
Hardware interface	<ul style="list-style-type: none"><li>• 4 *10/100/1000 Base-T RJ-45 ethernet interface</li><li>• Ethernet port auto-negotiation or manual configuration</li><li>• MDI/MDIX Automatic detection function</li><li>• Upstream and downstream directions based on hardware priority queue support service classification (CoS)</li></ul>
Power	<ul style="list-style-type: none"><li>• +12V (Provided by external AC / DC power converter)</li><li>• 2-PIN Power converter input</li><li>• Support Dying Gasp</li><li>• Power button</li></ul>
Power consumption	<ul style="list-style-type: none"><li>• &lt;8W(Power consumption without POE calculation)</li></ul>
Dimensions	<ul style="list-style-type: none"><li>• 240mm x117mm x30mm (W x D x H)</li></ul>
Full weight	<ul style="list-style-type: none"><li>• 0.28kg</li></ul>
Environmental parameters	<ul style="list-style-type: none"><li>• Temperature: 0°C~ 50°C</li><li>• Humidity: 5% ~ 95% Relative humidity</li></ul>

**Characteristics:**

Business	Achieve
GPON characteristic	<ul style="list-style-type: none"><li>• Compliant with ITU-T G.984 GPON standard</li><li>• Support GEM Encapsulation mode</li><li>• Support DBA (Dynamic Bandwidth Assignment)</li><li>• Support 40 T-CONT and 256*GEM Port</li><li>• Support Class B+ Optical power budget</li><li>• Support VLAN-to-GEM Port mapping</li><li>• Support FEC (Forward Error Correction)</li><li>• Realize embedded OAM (Operations, Administration and Maintenance), PLOAM (Physical Layer OAM), OMCI</li><li>• Support Downstream 128 bit AES (Advanced Encryption Standard) encryption</li><li>• Support power failure alarm</li></ul>

VLAN	<ul style="list-style-type: none"> <li>• Support port-based VLAN and IEEE 802.1Q VLAN</li> <li>• Support full range VID and PVID</li> <li>• Support setting tag attribute based on port + VLAN</li> </ul>
Broadcast storm suppression	<ul style="list-style-type: none"> <li>• The number of broadcast messages can be set</li> </ul>
STP	<ul style="list-style-type: none"> <li>• Support IEEE 802.1d/1s/1w Spanning Tree Protocol</li> </ul>
Port aggregation	<ul style="list-style-type: none"> <li>• Support</li> </ul>
Bandwidth control	<ul style="list-style-type: none"> <li>• Support 64K to 100M, send and receive separately controlled</li> </ul>
Mirror	<ul style="list-style-type: none"> <li>• Support port mirroring function</li> </ul>
QoS	<ul style="list-style-type: none"> <li>• Support priority based on port / 802.1p / IP-TOS</li> <li>• Support 4 levels of priority control</li> </ul>
Upgrade	<ul style="list-style-type: none"> <li>• Support Xmodem、 TFTP Protocol upgrade</li> </ul>
Management	<ul style="list-style-type: none"> <li>• Support Telnet Remote configuration</li> <li>• Support SNMP management</li> <li>• Support WEB management</li> </ul>
Security features	<ul style="list-style-type: none"> <li>• Support centralized authentication of user passwords for administrators</li> <li>• Support port lock, can limit the number of MAC addresses per port</li> </ul>
	<ul style="list-style-type: none"> <li>• Support 802.1x</li> </ul>
Maintenance	<ul style="list-style-type: none"> <li>• Support debugging information output</li> <li>• Support PING</li> <li>• Support system log</li> </ul>
