

# 变频电磁锅炉

# CN-6KW

创能

## Variable Frequency Electromagnetic Boiler

### 产品优势 Product Advantages

①变频电磁感应加热，比传统电加热锅炉省电 35%

Adopting induction heating of Variable Frequency Electromagnetic and saving 35% electricity compared to traditional electric heating boilers

②电磁加热对水质没要求，机器使用寿命长

Electromagnetic heating has no requirements for water quality, and the machine has a long service life

③彩色触摸屏全智能控制系统

Fully intelligent control system with colorful touch screen

超安全  
Ultra Safe

超省电  
Ultra Power-saving

超佳蒸汽  
Ultra-good Steam

超无惧水垢  
Ultra Fearless of Scale

超小体积  
Ultra Small-volume

### 产品参数 Product Parameters

产品型号Product model	CN-6KW
加热方式Heating method	变频电磁加热Variable-frequency electromagnetic heating
主机功率Main power	6KW（功率可调大小）6KW (adjustable power)
额定电压Rated voltage	220V/380V（可适配）220V/380V (optional)
加热时间Heating time	5min
蒸汽压力Steam pressure	1.0-5.0kg/cm <sup>3</sup>
主机净重Net weight	35Kg
水容积Water Volume	13L
产气量Steam Production	1.8Kg/h/Kw
蒸汽温度Steam temperature	145°C
出汽口径Outlet diameter	DN8
排污口径Drainage diameter	DN15
外形尺寸 Overall dimension	L510mm*W370mm*H700mm
