

S/N	Project	General Parameter
1	Number of series	15S
2	Rated voltage	48V
3	End of discharge voltage	40V
4	Charging voltage	Recommend 51V (50.5V – 51.5V) for floating charge Recommend 54V (53.5V – 54.5V) for equation charge
5	Continuous charge and discharge curren	≤100A
6	Internal resistance (battery pack)	≤100mΩ
7	Self-discharge rate	≤2%/month
8	range of working temperature (≤95%R.H.)	0~65°C charge -20~65°C discharge
9	Storage temperature range (≤95%R.H.)	-40~70 °C
10	Positive and negative lead	Fence Terminal 2P*2
11	Display	LED display, four physical buttons
12	Protective function	Overcharge, over discharge, short circuit, overload, over
