

Features

- Small volume, light weight,
- Low to prevent excessive battery discharge
- When two battery intelligent transformation, keep the power supply
- Good waterproof performance good,
- Remote LED lights display, switch control

Specification				
Models	DBS100-12/24	DBS120-12/24	DBS150-12/24	DBS200-12/24
DC Voltage	12/24VDC			
Disconnect Voltage	12.6-12.8VDC (*2 for 24VDC)			
Connect Voltage	13.6-13.8VDC (*2 for 24VDC)			
Control	MOSFET			
Efficiency	90%			
Delay work	10s			
Peak current	100A	120A	150A	200A
Standby power consumption	5mA			
Working consumption	/			
Working Temp	-20~50°C			
Safety	IEC60950			
The electromagnetic radiation standard	EN55022, EN61000-4-2,3,4,5,6,8,11, EN61000-3-2,3, EN50204			
Output connection	M5 bolts			
Size (mm)/Weight (kg)	112*56*64 /0.50		143*56*64/0.65
