ABOUT US

We have a professional and efficient business team which is responsible for the business team of different markets and different customer needs. The small team mode of all-round responsibility based on production can more accurately capture customer information and transform into products to better meet the different needs of customers' orders

JEANLON DENIM

Dongguan Arrow Dragon Garment Co., Ltd.

is a manufacturer focusing on the whole category design, production and sales of denim clothing with nearly 16 years of domestic and foreign brand orientation research and development and flexible production service experience.

Since its establishment in 2006, the company has been focusing on the research and innovation of fashion denim products and committed to becoming a competitive denim clothing supplier in China. Through rigorous quality control system, efficient management mode and diligent staff, we enjoyed a good social reputation and extensive support from our customers.

We have more than thousand pieces of samples from different styles for selection and reference.
