

Choicy Beauty Equipment Series

-- Cryolipolysis Body Shaping and Slimming System

Model: CB-701B

Product Description

Handpiece size 100

Handpiece size 150

Handpiece size 200

Emergency hand hold switch

Fat thickness gauge

Bandage

System Characteristics

- 1.** 15 inch colorized touch screen control, simulation modeling of dynamic 3D interface, human-computer interaction design unique, simple and convenient operation;
- 2.** The utility model has the advantages of comfort and labor saving, convenient operation and exquisite appearance, according to the design of human engineering;
- 3.** Patent design of blood lipid separation technology, through the warm-up of the skin before the refrigeration, fat soluble design, can effectively prevent the skin in a long time below 5 degrees Celsius, blood vessels in the fat and blood fusion curing;
- 4.** Exclusive development of freezing point reduction and surface active dosage form antifreeze film, can effectively prevent frostbite;
- 5.** Automatic water adding and monitoring function, the air pressure in the comb passage can be filled with water tank and hand channel at one time;
- 6.** Automatic cleaning and monitoring function to effectively clean the sediment of the hand pipe and protect the core components of the gas path to avoid damage;
- 7.** The omnibearing stereoscopic intelligent monitoring system can monitor the water level, the coolant flow rate, the liquid level of the cooling system, the filter level and the air pressure of the two channel hand system in real time;
- 8.** Intelligent alarm system, through monitoring the system feedback data processing, analysis and processing, quickly and effectively respond to the abnormal situation to ensure the normal operation of the whole system;
- 9.** Super intelligent instrument self inspection system, whether the core components of the monitoring system is in the normal state or how many deviations from the factory are in order to ensure that the instrument is in good health.

Treatment Range

1. Remove the waist, abdomen, legs, arms, back and other parts of fat;
2. Solve cellulite problems caused by cellulite and cellulite;
3. Firming tissue to prevent relaxation;
4. Promote metabolism and blood circulation.

Before and After Treatment

Technical Specifications

Treatment handles	4pcs
Larger Handle	200size, length: 190mm, width:70mm. Depth:92mm
Medium Handle	2*150size, length: 30mm, width:50mm, depth: 65mm
Smaller Handle	100 size, length: 90mm, width:43mm. Depth:65mm
Voltage	220V/50Hz
Power of cryo	800va
Cooling device output temperature	-15~5° C
Pressure of Vacuum	10 - 80Kpa
Screen Display	15 inch

Guangzhou Huaxi C&T Co.,Ltd.

Add: Room 1203 No.66 Huadi South Ave, Liwan District, Guangzhou, Guangdong Province, China

E-mail: info@choicybeauty.com Tel: +86-20-38263199 Website: www.choicybeauty.com

Ambient temperature	5~40° C
