

Choicy Beauty Equipment Series

-- Derma Roller System

Model: CB-1601A

Working Theory

Microneedle Therapy System is the latest & fashionable beauty system. By rolling the roller on the skin, the microneedles can stimulate the skin, and form more than 200,000 tiny pipelines on the skin. So the active ingredients can reach the deep skin through the pipelines, thus get the effect of remove wrinkles, anti scar & stretch marks, whitening, lightening spots, improve dark circles, tightening & lifting the face skin, etc. It is comparable to the laser therapy or plastic operation.
