公司简介 COMPANY PROFILE

生力服务于食品、药品、玩具、化妆品、日化用品、电子产品、装饰用品等行业，通过使用丝印、移印、烫金、贴标、胶印及数码打印等自动化印刷技术，实现在塑料、金属、玻璃及陶瓷等材料的各种形状的产品表面上印刷高质量的精美图文。

自1994年以来,生力始终坚持“为客户提供优质的产品和服务”的经营理念，采用最先进的电气控制元件和材料进行研发和制造，不断提高在各种产品上的印刷质量，满足市场对日益广泛的高品质包装需求。

Senny serves food, medicine, toys, cosmetics, daily chemicals, electronics, decorative products and other industries. Through the use of automatic printing technologies, such as screen printing, pad printing, hot stamping, labeling, offset printing and digital printing, it realizes printing high-quality exquisite graphics & texts on the surface of various shapes of products such as plastic, metal, glass and ceramics.

Since 1994, Senny has always adhered to the business philosophy of providing customers with high-quality products and services, exploiting the most advanced electrical control components and materials for R&D and manufacturing, and continuously improving the printing quality on various products to meet the increasingly extensive market requirements for high-quality packaging.

SFR8110

Cover/Flat Board Automatic 1-Color UV Screen Printing Machine

Machine Features

- The machine is suitable for screen printing UV ink of various colors on round, square and other shapes of covers, flat boards and other products.
- The machine adopts well-known brand electrical components, PLC control system and easy-to-use touch screen, with reliable performance.

Optional Configuration

- Plasma surface treatment function.
- LED-UV curing system.
- Servo positioning function.

Technical Parameters

Machine Model	SFR8110
Printing Speed	Up to 50pcs/min
Product Length	20-100mm
Product Width	20-100mm
Product Thickness	1-100mm
Max Printing Length	100mm
Max Printing Width	100mm

PRINTING YOUR VISION

SFR1220

Cover/Flat Board Automatic 2-Color UV Screen Printing Machine

Machine Features

- The machine is suitable for screen printing UV ink of various colors on round, square and other shapes of covers, flat boards and other products.
- The machine adopts well-known brand electrical components, PLC control system and easy-to-use touch screen, with reliable performance.

Optional Configuration

- Plasma surface treatment function.
- LED-UV curing system.
- Servo positioning function.
