## 公司简介 COMPANY PROFILE

生力服务于食品、药品、玩具、化妆品、日化用品、电子产品、装饰用品等行业，通过使用丝网印、移印、烫金、贴标、胶印及数码打印等自动化印刷技术，实现在塑料、金属、玻璃及陶瓷等材料的各种形状的产品表面上印刷高质量的精美图文。

自1994年以来,生力始终坚持“为客户提供优质的产品和服务”的经营理念，采用最先进的电气控制元件和材料进行研发和制造，不断提高在各种产品上的印刷质量，满足市场对日益广泛的高品质包装需求。

Senny serves food, medicine, toys, cosmetics, daily chemicals, electronics, decorative products and other industries. Through the use of automatic printing technologies, such as screen printing, pad printing, hot stamping, labeling, offset printing and digital printing, it realizes printing high-quality exquisite graphics & texts on the surface of various shapes of products such as plastic, metal, glass and ceramics.

Since 1994, Senny has always adhered to the business philosophy of providing customers with high-quality products and services, exploiting the most advanced electrical control components and materials for R&D and manufacturing, and continuously improving the printing quality on various products to meet the increasingly extensive market requirements for high-quality packaging.

## SR816 Series

### Soft Tube Automatic 1-Color Printing Machine

#### Machine Features

- SR816 is suitable for screen printing of various colors of UV ink, hot stamping and other decorations on plastic soft tubes.
- SR816-H is suitable for hot stamping gold or silver foil on plastic soft tubes.
- The machine adopts an integrated turntable design with complete functions, the servo drives the front and rear registration and printing.
- The machine adopts well-known brand electrical components, PLC control system and easy-to-use touch screen, with reliable performance.

#### Optional Configuration

- Unscrambling & feeding machine.
- Plasma surface treatment function.
- Visual registration function.
- LED-UV curing function.

#### Technical Parameters

| Machine Model       | SR816           | SR816-H         |
|---------------------|-----------------|-----------------|
| Work Station        | 8               | 8               |
| Printing Speed      | Up to 60pcs/min | Up to 50pcs/min |
| Soft Tube Diameter  | 16-75mm         | 16-75mm         |
| Soft Tube Height    | 60-220mm        | 60-220mm        |
| Max Printing Length | 250mm           | 150mm           |
| Max Printing Height | 180mm           | 100mm           |

#### PRINTING YOUR VISION

## Soft Tube CNC Series

### Soft Tube CNC Automatic UV Printing Machine

#### Machine Features

- The machine is suitable for screen printing of various colors of UV ink, hot stamping, varnishing and other decorations on plastic soft tubes.
- The machine adopts an integrated turntable design, all printing functions are completed in the same set of fixture, the printing accuracy is as high as  $\pm 0.1\text{mm}$ .
- The machine is driven by digital control servo motor to realize 360-degree printing of products, equipped with remote management and service functions (Industry 4.0).
- The machine adopts well-known brand electrical components, PLC control system, easy-to-use touch screen and wireless tablet operation, with reliable performance.

#### Optional Configuration

- Unscrambling & feeding machine.
- Hot stamping function.
- Plasma surface treatment function.
- Visual registration function.
- LED-UV curing function.
- Finished product quality inspection function.

#### Technical Parameters

| Machine Model       | SRS826             | SRS1036            | SRS1246            | SRS1666            |
|---------------------|--------------------|--------------------|--------------------|--------------------|
| Work Station        | 8                  | 10                 | 12                 | 16                 |
| Printing Speed      | Up to 80pcs/min    | Up to 80pcs/min    | Up to 80pcs/min    | Up to 80pcs/min    |
| Soft Tube Diameter  | 15-75mm            | 15-75mm            | 15-75mm            | 15-75mm            |
| Soft Tube Height    | 60-220mm           | 60-220mm           | 60-220mm           | 60-220mm           |
| Max Printing Length | 220mm              | 220mm              | 220mm              | 220mm              |
| Max Printing Height | 180mm              | 180mm              | 180mm              | 180mm              |
