

# Disposable Face Masks

## Feature & Specifications

### 3 Ply Face Mask With Anti Bacterial Filter

### FACE MASK

This face mask is made up 3 layers of spunbond polypropylene which has soft layers that prevents skin irritation or allergy problems.

Size:17.5cms × 9.5cms , Colour: Blue

The ear loop material is made from the Latex free round Lycra elastic at 7.5 inches which elongates with a ratio of 1: 2 making it easy to wear and remove with comfort. The malleable nose wire keeps the mask secure in its position.

### FEATURES

- Silicone free and non-particulating white OP band.
- Meltblown PU provides superior filtration.
- Hypoallergenic soft surface layers prevents skin imitation and allergy.
- Low Breathing Resistance.
