

V-CUT PCB Separator

Model :SF-701

Specification:

- Power: 110v/220V AC 60 /50 HZ
- Size: L350mm*W300mm*H350 mm
- Weight: 35KG

Features:

1. Suit for SMT PCB boards with V-CUT (It can't use for fibreboard).
2. The track height is adjustable by manually, and the lowest height can be 0.03mm to solve V-CUT depth issue.
3. Suit for the PCB height with the components within 20mm.
4. Suit for the PCB length within 300mm.
